Press Release

Steele Memorial Medical Center Named 2015 Healthcare Organization of the Month

To say that we're here for our patients is not enough. We want more for them. Three years ago we began a journey to Excellence with the goal of providing an outstanding experience for our patients through creating the best environment for our Employees to work and our Providers to practice medicine.

Recently, Steele Memorial Medical Center was recognized for "lighting a fire" that inspired 150 plus Providers and Employees to do their best for our patients – and for keeping the fire burning, Steele Memorial Medical Center has been chosen among over 850 top medical centers nationwide, to receive the Studer "Healthcare Organization of the Month" award. It's an award based on astounding achievements in creating a culture of service and clinical excellence.
