Steele Memorial Medical Center Donates to Salmon Boosters

As part of Steele Memorial Medical Center's Sports Medicine and Injury Prevention Program, SMMC offered reduced rate pre-training physicals to all Salmon area student athletes July 26th and August 3rd. Over 60 student athletes participated in the program, making it a great success. Jeanie Gentry, Steele Memorial CEO stated, "Steele Memorial Medical Center providers and employees are proud of our commitment to enhance the health of young athletes, and are looking forward to a safe and successful year of athletic events.

In an effort to support and enhance the athletic programs at Salmon High School to an even greater extent, SMMC donated all fees generated from the sports physical clinic to the Salmon Boosters Club in the amount of \$1,300.

Jeanie Gentry, SMMC CEO presents Doug Owen, Salmon High School/Jr. High Principal with proceeds from this year's sports physicals.
