## **Becker's Hospital Review Names 50 Critical Access Hospitals to Know for 2016**

For the second year in a row, Becker's Hospital Review has named Steele Memorial Medical Center in a published list of "50 Critical Access Hospitals to Know" in the United States.

Steele Memorial Medical Center (SMMC), is a Medicare-Certified, county-owned, 18-bed Critical Access Hospital and associated Rural Health Clinic. Located at 203 South Daisy Street in Salmon, Idaho, SMMC is a comprehensive healthcare system serving people in Lemhi and Custer counties and surrounding areas.

Becker's selected critical access hospitals for inclusion based on rankings and awards from respected organizations, including iVantage Health Analytics, Healthgrades, the National Rural Health Association, Truven Health Analytics, Women's Choice Award and the Leapfrog Group. Included hospitals earned recognition from one or more of these organizations within the past two years.

### **About Becker's Hospital Review**

Becker's Hospital Review is a monthly publication offering up-to-date business and legal news and analysis relating to hospitals and health systems. Content is geared toward high-level hospital leaders, and we work to provide valuable content, including hospital and health system news, best practices and legal guidance specifically for these decision-makers. Each issue of *Becker's Hospital Review* reaches more than 18,000 people, primarily acute-care hospital CEOs, CFOs and CIOs.
